

# KAWKAWA NEWS

It is hard to believe we are already in February, the snow has melted (hopefully for the last time this year) camp registration is open, and planning for summer 2024 is well underway! 2024 is a special year for Camp Kawkawa as it is our 50th Anniversary! We want to make this year a special one by celebrating God's faithfulness over all these years.

Already the calendar is filling up with retreat bookings. We currently have some gaps in March if anyone is looking to put on a last minute group retreat but otherwise things look really full right through to the fall.

Camp registrations have been open for a few weeks now with a healthy flow of early registrations. As always, some age groups are more popular than others so ensure you register early to secure your spot. Staff applications are also now open and we have a few new

faces applying as well as many returning staff.

During December and January, aside from snow clearing, much of our work on site was focused on the indoors. We were able to do some upgrades to the Mountainview (Pastoral) suite as well as a refresh of the Dogwood washrooms. With the weather improving through the spring time we will be looking at some essential maintenance and upgrades outside including repairs of some of our canoe and kayak docks. We have planned a Work Bee for Saturday 9th March. We would love to see you here then. If you plan on coming please let us know so we can plan for lunch.

We will soon be announcing details about a 50th Anniversary celebration later this year. We would love to have lots of people involved in that event.

# SUMMER CAMP! 2024

- ➔ **Program Director** maternity leave position **open** for applications (see next page)
- ➔ Stay tuned for our '**50 for 50**' fundraising campaign

A number of our year-round staff had the privilege of attending the BCCA (British Columbia Camping Association) & FCC (Fellowship of Christian Camps) conference at Camp Stillwood on January 29 - February 1. This was a time of great blessing, fellowship and connection and we were very grateful for the opportunity to take time away from the busyness of camp and learn from others.

# NOW HIRING

## Program Director

Maternity Leave Coverage
